

GENERAL RECOMMENDATIONS FOR THE ACTIVITIES

The school groups from the area of Girona can enquire at MUME for discounts on the INDIKA programme of the Diputació de Girona.

Campsite accommodation in the area, please consult MUME.

SUGGESTIONS

- Comfortable shoes and appropriate clothing
- Raise awareness of the issue among the students
- Picnic lunch

NOTES

- We recommend that educators share the bus journey with the students to encourage discussion and knowledge, provide testimonies and so on during the route. On the way back the bus will stop briefly in La Jonquera to drop them off. If this is not feasible because of the groups' timetables, the educators can travel independently.
- For any change of time or modification of the route, please let us know as soon as possible.
- The cooperation of teachers is of great help in the running of the activities. The person responsible will ensure the good behaviour of the group.
- The group's punctuality is very important for the smooth running of the activities and timekeeping.
